Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Harvard College Library The famous letter or pamphlet contained in this volume represents the workings of an extraordinary mind at an extraordinary crisis: and can therefore be compared with few things that have ever been spoken or written. Composed in a literary age, it scarcely belongs to literature; yet it is one of the greatest of literary masterpieces. It embodies nothing of history save fragments which have mostly lost their interest, yet no book in the world has more historical significance. It scorns and defies philosophy, but it discloses a compact and unique system of its own. It tramples on logic, yet carries home to the most logical reader a conviction that its ill-reasoning is substantially correct. It is an intellectual puzzle, not too abstruse for solution: and hence few books are better adapted to stimulate the attention and judgment, and to generate the invaluable habit of mental vigilance. To discover its defects is easy enough. No book in the world yields itself an easier prey to hostile criticism: there are thousands of school-boys, with liberal notions under their caps, to whom the greatest intellect of our nation since Milton, represented by the best known parts of the present work, might well seem little better than a fool. After a...
