Createspace, United States, 2014. Paperback. Book Condition: New. 235 x 190 mm. Language: English . Brand New Book ***** Print on Demand *****.Review via email from Earle Holder, award winning Mastering Engineer at HDQTRZ Mastering Studios, Mastering Engineer for Public Enemy, and creator of the Har-Bal Harmonic Equaliser: Hello David I have always believed that one is never too old to learn something new. I purchased your material because it appeared that you have a real passion for your craft as do I. I thought your tutorials were well written and easily understood. The area that I read where you stated that you were mastering a project for an individual over a three year period was priceless. I was easily able to relate to your dilemma of constantly improving your craft and the need to go back and redo the previous masters because you were constantly learning and becoming more proficient. There is plenty of business to go around so I support my fellow mastering engineers who appear to be honorable. Both of your books were a breath of fresh air and I will be sure to tell others who are getting started in this wonderful field to purchase your books. Cheers Earle Holder Chief Mastering Engineer HDQTRZ Mastering Studios Some reviews via social media: Jacob Longoria via Twitter: Your information has taken me from trying to figure it out, to getting it done with repeat clients. Thank you! Christian Ghahremanian via FaceBook: Hi David! Ive already purchased your second book, thx. I just write to you to say thanks! I really love dynamic stuff and I admire Bob Katzs effort for his K-Measurement - but I always had problems to hold the pressure at 0. no matter which K-standard I were trying to use. After reading your books and...
