England s might on the sea showed that such power lies also in a navy. So William the Second concentrated upon another arm of force, a navy. To this source of power he gave, too, his personal attention, and as the executive of the German people, their support. Imperial power means sea power, and sea power and imperial power are dependent upon each other. \$+ He enlisted and maintained the interest and enthusiasm of his people until he had a navy of tremendous strength, second only to that of England, who has long proclaimed herself, Mistress of the Seas. My first and last care is for my fighting forces on land and sea. A Master in Economics THE Emperor has superior knowledge in proportion and economics. He has an accurate system in calculus by which he knows how many men industrially employed it takes to maintain Emperor, army, navy, and the common people. t He knows, too, that women will serve their country better in giving sons to army and navy if they are kept in subjection to the traditions that woman was made for this purpose, that her place is in the home, and in the fields at work. The Emperor has forestalled any militant suffragette nonsense. His Empire has no such nuisance, weakness and folly introduced into it. The world stood helpless before a woman s question which had been unknown to a simpler generation. Women with the fussiness...
