This new Life Book is called On the Open Road, and it begins with the articles of a sweet, wholesome and liberal creed of living that, as its subtitle states, is to be observed today, to be changed tomorrow, or banished, according to tomorrow s ligh The different articles of this creed serve in the place of chapter headings, as each one of the short chapters is in the nature of a dissertation upon the principal thought that begins it. To people who are jogging along very comfortably and congratulating themselves that they are neither better nor worse than the average, this book might be a good deal of an eye-opener. To others who are doing their level best to control their own natures and to come into the right relation with humanity at large, it will unquestionably be both an inspiration and a reminder.
