Reviews

A must buy book if you need to adding benefit. It is actually writter in basic phrases and never difficult to understand. I found out this book from my dad and i advised this publication to find out.

(Miss Camila Schuppe III)

THE DEPRESSED CHILD AND ADOLESCENT

Cambridge University Press. Paperback. Book Condition: New. This item is printed on demand. Paperback. 404 pages. In this new, thoroughly revised and updated edition, an international, interdisciplinary team of mental health experts draw together the latest findings in the psychopathology of depression in young people. Combining theory and practice, the psychological, neurochemical, and genetic causes are discussed and an account of the clinical characteristics and frequency of the condition is given. The key questions are fully addressed: the importance of life events and difficulties in the onset and continuation of depression; the efficacy of current psychological therapies and the role of medication; how depressed young people progress into adult life, and how depression arises and the effects it may exert on brain and behavior during this crucial developmental period. This book will appeal to child psychiatrists and psychologists, developmental psychologists, neuroscientists, and mental health professionals in clinical services. This item ships from La Vergne, TN. Paperback.
