PREVALENCE OF HEPATITIS B AMONG THE WORKERS OF SOKOBAN WOOD VILLAGE IN KUMASI, GHANA

GRIN Verlag Apr 2015, 2015. sonst. Bücher. Book Condition: Neu. 211x151x4 mm. Neuware - Scientific Study from the year 2014 in the subject Medicine - Epidemiology, , language: English, abstract: Hepatitis B is still a threat to many lives in Ghana but data from non-clinical environments can be hardly found especially in Ghana. There was therefore the need for such a data to be made available and this study contributed to solving that problem. Management of the company informed the...

Reviews

This pdf can be worthy of a read, and much better than other. I am quite late in start reading this one, but better then never. Its been printed in an remarkably easy way which is merely following i finished reading this book by which basically changed me, alter the way i think.

-- **Nedra Kiehn**

Complete information for publication fans. Better then never, though i am quite late in start reading this one. Its been written in an extremely straightforward way in fact it is just soon after i finished reading this ebook in which basically altered me, change the way i believe.
