Language: English Brand New Book ***** Print on Demand *****.Excerpt from American Phonography This book contains a complete exposition of that method of phonography which is called American on account of its widespread use in the country of its adoption. The great utility and adaptability of Pitmanic shorthand cannot be questioned. Although this book contains several new features, the author would emphasize the attempt that has been made throughout the book to have hand training, so necessary to success in shorthand, keep pace with mind training. The value of exercising a great degree of care is repeatedly brought to the attention of the student. About the Publisher Forgotten Books publishes hundreds of thousands...
