Things that make you excited and you never told anyone. This book is all about the love we have for somebody teasing our minds. Making us feel good even at a time of regret. Everything in the book I have almost been through. So not only is it true but i can almost promise you it will be appealing to you too. I gave a lot of thought, asked a lot of people before I even submitted it for others to view. The feedback I got was great some even said it was on Zane s level of writing. Get you a copy give me feedback I love my fans and I just want to write more for people to see my view on things.
