Reviews

This is basically the finest publication i actually have go through till now. We have read and i also am confident that i am going to likely to read through again once more in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.

Brand New Book ***** Print on Demand *****.Albert Jack is a internationally bestselling author who has been successfully tackling some of the great World Mysteries for over twenty years. Using Occam s Razor he manages to shave away the theories, the improbable and the hysteria, hype and sensational to reveal only the known, probable facts. From what s left, he argues, the truth of everything can be found, despite how unlikely it seems in some cases. In 9/11 Conspiracy Jack ignores all the conspiracy theories and lazers in on only the known details, however deeply hidden they have become since that awful, tragic day. If you want to know who is really responsible then you need to read 9/11 Conspiracy. You may be in for a few surprises but will be left in no doubt, in the end, as to what really happened on that day. ----- Introduction The events that took place on September 11, 2001 were the most important of our generation. Possibly the most important of our lifetimes and certainly the since the bombing of Pearl Harbour and the Second World War. But they will definitely not be the Crime of the Century. There is much more to come, although hopefully not in my lifetime. For over a decade we have been told on every news program, every radio bulletin, in speeches, statements announcements, front page stories, magazine articles, Government policy announcements and by every government official throughout the West; that the world has changed. And we have to react with it. We are told that 9/11 has changed the course of our domestic and foreign policy. (It certainly has) Our civil liberties must be amended with the changing...
