Brand New Book ***** Print on Demand *****.From a writer who has made ten trips to North Korea and seen things first hand. The author takes a complex situation; one that factors greatly in US geopolitical decision and policy making and turns it into an understandable and easy read. It is an insightful analysis of the current situation in North Korea and how the past has led to the present and has significant impact on the future. The Evolution of Power to Yet Another Generation of Kims-And the Conditions Giving Rise To It The December 28, 2011 photographs of tens of thousands of North Koreans lining the streets of Pyongyang, uncontrollably mourning the passing of their leader, Kim Jong Il, as his hearse drove by, underscore the Kim family s success in its uninterrupted 63-year rule of the country. The family s future success in continuing its rule now turns on Kim Jong Il s youngest, most favored son and Crown Prince, Kim Jong Un, mastering the same process. Should he fail to, turbulent times could be in store for the peninsula. James Zumwalt is an internationally acclaimed best-selling author, speaker and business executive, he also currently heads a security consulting firm named after his father-Admiral Zumwalt Consultants, Inc. He writes extensively on foreign policy and defense issues, having written hundreds of articles for various newspapers and magazines, including: USA Today The Washington...
