They would travel to far off lands both of this world and most certainly of not, and it would bend their wills to the brink of snapping; changing every aspect of their preconceptions of the convenient realities that they d become accustomed to over their brief existence on the distant planet called Earth!! It all began with Toni and his team scaling the jagged snow-capped cliffs of the Himalayan Mountains, in Tibet, India. They were in search new treasures to bring back for display in the World Museum in Los Angels. And just when all is thought to well on the home front for this misfit band of explorers, fate steps in and has other plans. It takes them to the far reaches of our world and beyond to finally discover the key to the evil that lay waiting in the shadows for it s opportunity to extinguish the last of mankind s brilliance forever!! This epic story resumes to present day where the team are relaxing underneath the intense Mexican sun on a much-needed vacation, and is interrupted with an innocent call from the director of the foreign consulate in L.A., CA. detailing their next mission.
